

International Preschool

" Where Little Moments Matter "

1

A SCHOOL DESIGNED AROUND CHILDREN NEEDS

At NOA, we welcome children from 2 to 5 years old in a warm and human-sized environment where every child receives the attention, care and guidance they need to grow with confidence, develop independence and build their unique personality.

When children feel emotionally secure, they become free to explore, create, build relationships and learn.

At NOA, children do not just learn English. They live it. Through play, stories, songs, routines and meaningful everyday moments, English becomes a natural part of each child's day. Guided by our caring and passionate educational team, children learn in a warm environment where they feel safe, confident and eager to explore.

Children leave NOA ready to thrive in either French-speaking or English-speaking educational systems.

ENGLISH NATURALLY

A TRULY INTERNATIONAL COMMUNITY

At NOA, children enjoy a rich pedagogical journey that allows them to experience a variety of meaningful activities throughout the day.

Moving from one dedicated learning space to another, they explore science and discovery, creativity and expression, music and movement, sensory play, playful learning experiences and nature-based learning.

This diversity of experiences nurtures curiosity, supports engagement and helps each child learn, grow and flourish in a natural and joyful way.

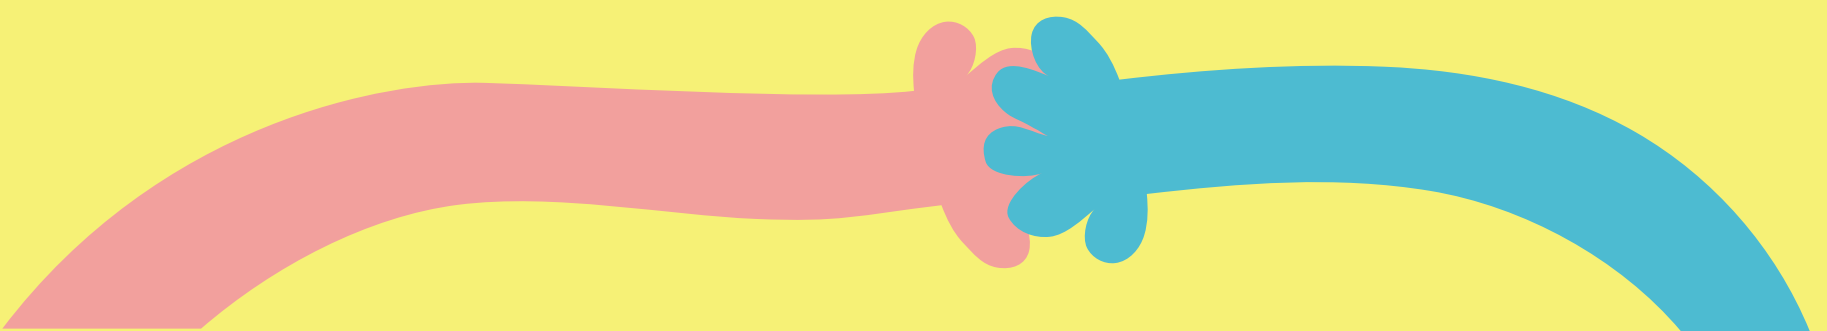

Every day, children learn, play and grow alongside classmates from diverse cultures, languages and backgrounds

This international environment helps them develop openness, respect and a global perspective from an early age.

A DAY FILLED WITH LEARNING & EXPLORATION

4

EVERY CHILD DESERVES TO BE SEEN, HEARD AND CELEBRATED

At NOA, every child is known, valued and encouraged to become the very best version of themselves.
